

Description of Financial Situation

July 2025

I spent my savings plus some help from family and friends to pay for the current retreat including shrine items, health insurance and all other costs.

From the money I have left I will be able to give €5000 towards the retreat cost and can pay for health insurance and other personal expenses as needed.

As I have no other income, in order to be able to continue the retreat I would be extremely grateful if the Tsadra Foundation could help me with the retreat costs.

Sincerely,

Robert Heinz
