

Dear Tsadra foundation

I would like to recommend Maria Victoria Rodriguez for a scholarship for the 3 years retreat in Gomde Pyrenees from 2022 onwards with the blessings of Chökyi Nyima Rinpoche.

I am Paul Schwaiger, the caretaker of Gomde Pyrenees for the last 3 years.

I have known Victoria since 2019 when she came as a volunteer to our center and later on participated in a 3 month retreat. I am really impressed with her.

She definitely knows the value of dharma and I have never met a person like her before who constantly checks her intention and motivation and in this way is stable in her practice.

Also Victoria takes all outer circumstances into the path and has simply no interest in the distractions of ordinary life. She is so dedicated to practice and integrates it in daily activities in a way I have never seen before and has been an inspiration for me.

I am sure she will make a successful retreat and develop a big merit for all sentient beings.

Chökyi Nyima Rinpoche immediately said yes when he was asked about Victoria participating in the retreat and added that she is a real good practitioner.

It would make me extremely happy if I know she is in retreat because I am 100% sure she is the right person for this.

If you need more information please contact me on paulschwaiger@gmx.net

Yours sincerely,

Paul Schwaiger
