

Liz Ferris Description of Financial Situation as of June 26th June 2024

I am currently on Disability Benefit from the UK Government. The amount is £500/month however will finish in May of 2025.

I have applied to the Khyentse Foundation for \$1521.24(currently £1203.36) for one year. The application has been submitted however they do not conduct their review until later this year so I won't hear for the results until the 15th of November.

I currently have no savings and as I am 55, I do not qualify for a pension. A dharma friend has made an offer to contribute to the retreat, but I am not sure of the amount and for how long. As soon as I have clarified this I will pass on the details.
