

Dear Tsadra Foundation,

I'm writing in regards to Milani's scholarship application for the Three Year Retreat programme at PTC Monastery.

I previously completed the retreat here in 2016, also with your kind support and have been a monastic here at PTC for 13 years.

I have known Milani as a good friend and Sangha member since 2016. Living locally, Milani has been an invaluable volunteer throughout that time. She is highly thought of by everyone here for her kindness to all and also for her sincerity towards the Dharma.

I have worked closely with Milani over recent years to help her with both her practice and her Tibetan studies and I firmly believe that she is a good candidate for the retreat program and I have encouraged her to do so.

Thank you for your continued support of our retreat programme. If you need any further information I will be happy to help.

Kind regards,

Lama Yeshe Rabsal,
