**Recommendation Letter for Christian Casanova**

Dear Tsadra Foundation

It is always a pleasure when Christian comes over to visit us at our place in Switzerland. I actually do not understand much about Buddhism and what he was doing in the past years when he told me so often that he is going for meditation and to study Buddha's teachings. But I can see and feel that this is his lifelong passion and it turned him into a very calm and kind person who is always smiling. I share my best wishes for him and hope that he is able to receive this scholarship so that he can dedicate more time to it.

With best wishes, Jasmin
