

Financial Documentation

My current financial savings is \$15,000. I do not have additional assets outside of savings, as I do not have property, retirement, or investment accounts. My parents have pledged \$2,000 towards my retreat expenses. From my personal savings, I can offer \$3,000.

The \$15,000 in savings is the entirety of my personal assets. It is important that I have a secure amount of money for when I exit retreat, as I will be needing to find housing and a job. If an emergency happens while in retreat, my family has pledged to cover the expenses if needed. I have health insurance and I do not foresee having any additional expenses outside of the expenses shared in this application. So I feel confident, that with the support of the Tsadra Foundation and my family, I can complete the year of retreat required for this scholarship.
